

100% Biodegradable Capsules

Compatibility

Our capsule collection consists of six very special blends: Lungo Classico a unique 100% Arabica blend from Central and South America, Lungo Forte an intense and rich blend that impresses through its well-balanced, sweet flavour and a long-lasting aftertaste, Espresso Crema a perfectly balanced blend composed of Arabica coffees from the famous volcanic soils in Central America with a touch of Asian Robusta and Ristretto Intenso a composition of top South American and East African Arabicas with a hint of best Asian robustas and Espresso Delizioso a unique blend of 100% Arabica beans offers generous sensory experience of delicate fruity acidity and a pleasant aftertaste of hazelnut. The range is completed with Espresso Decaffeinato a sweet sonnet of full flavour and gentle aftertaste.

We have tested the capsules ourselves in all Nespresso®* machines currently on sale as well as in a large number of early models and our own machine range. They are compatible with the following Nespresso® coffees machines for home use:

- Citiz
- Essenza + Essenza Mini
- Inissia
- Pixie
- Prodigio
- Lattissima
- Expert
- Creatista

Our capsules are designed for a use in models with a production date as of 2011 onwards. For Nespresso®* machine models that have been produced before 2011 or have been used above average, we cannot guarantee full compatibility. We are not responsible for usage in a non-compatible machine. We keep on constantly checking and testing the compatibility of our compostable capsules. Should you experience difficulties using our compostable capsules with your Nespresso® machine or if you have any questions, please contact us by sending an email to compostablecapsules@meinl.group. We will contact you as soon as possible.
